Program Management & Integration-Test Solutions

Our Mission:

Techne LLC (Techne) is the contractor and partner of choice for Federal, State, Local Government Agencies and Commercial customers, providing innovative and cost-saving solutions that will drive efficiency and reduce risks.

Key Differentiators:

- Techne is a Scaled Agile Partner and uniquely qualified to advise and support enterprises and government agencies through every phase of a Lean-Agile transformation.
- Supported multiple agencies and departments, including US Department of Veterans Affairs (VA), Federal Aviation Administration (FAA), US Census Bureau (CB), Department of Housing and Urban Development (HUD)
- Trusted Reseller and Integration Partner of the Risk Identification, Visualization and Resolution (RIViR) Platform.
- Subject Matter Expert (SME) in Agile and Scaled Agile Framework (SAFe).
- Integrated and Tested a System-of-Systems (SoS) spanning 40+ applications.
- Established a unique & customizable Test-as-a-Service (TaaS) Framework.

Core Competencies:

Program/Project Management
- Agile and SAFe 5.1 Implementation
- Project Management Planning
- Integrated Master Schedule (IMS)
- Release Management Planning
- Integration and Transition Planning
- Program and Project Metrics

Integration & Test
- Test Planning, Design & Execution
- Test Practice Modernization using our TaaS Framework
- Test Automation
- Robotics Process Automation (RPA)
- Infrastructure Testing
- Performance & Scalability Testing
- DevOps Tools Implementation & Management
- Continuous Integration/Continuous Deployment (CI/CD)

Current and Past Performance:

- **Census Bureau (CB):** We are currently providing Test Automation, Robotics Process Automation (RPA) solutioning, and DevOps/CI/CD support on the Field Mobile Application (FiMA) contract, specifically supporting LiMA/MCM applications and CEDSCI/EDDE Contract. Techne provided Integration and Testing services on the Technical Integrator (TI) program supporting 40+ integrated systems. This included the Infrastructure, Platforms, Operating Systems, 7+ Environments and 100+ components for the 2020 Decennial US Census. This was our Second Decennial US Census, including 2010.

- **Veterans Affairs (VA)**: Currently supporting the Digital GI Bill (DGIB) contract. This platform enables VA to call, email, text and chat with GI Bill beneficiaries, grant VBA immediate access to beneficiary records and respond to questions from colleges and universities instantaneously. Techne supports software development using Agile methodology and a cloud computing infrastructure service model. Services include VIP Process and documentation, Release Management, Scrum Master duties, testing oversight, and running Program metrics. Also helped setup, configure, and update JIRA to create teams, timelines, release plans, sprint plans, product backlog and reports.

- **Qlarant**: We provided Integration and Testing services with a focus on performance and automation for Qlarant, which developed the RIViR Risk Solutions Suite. We implemented our unique, holistic, and modular Test-as-a-Service (TaaS) Framework using SAFe 5.1 methodologies and practices. This effort helped Qlarant to be more quality focused, driven by structure, processes, and governance.

- **Department of Housing and Urban Development (HUD)**: We supported the Forms-as-a-Service (FaaS), Electronic Records Management, and Intelligent Data Extraction contract, providing Integration and Test services such as but not limited to End-to-End (E2E) Integration, Functional, System and Automated Testing.
